National Supply Tells Upswing In 1957 Sales

Net sales by the National Supply Co. for the first six months of 1957 were \$155,424,801, compared with \$147,462,421 in the same period of 1956, it was announced following a meeting of the board of directors.

Net income climbed to \$6,801,505, compared with \$8,089,414 in the first six months of 1956. Earnings per common share were \$3, compared with \$2.76.

Sales Up

During the second quarter both the net sales, \$79,289,417, and the net income, \$4,577,536, exceeded those of the first quarter of 1957 and of the second quarter of 1956.

At the meeting, the directors declared the regular quarterly dividend of 60 cents per share on the common stock, payable Oct. 1, 1957, to stockholders of record Sept. 19.

A. W. McKinney, president, said the company's prospects for the second half of 1957 are favorable. Drilling-Increase "Industry forecasts are that domestic drilling will increase quite substantially, which should result in greater business for us," he said. "Although our manufacturing operations in the third quarter will show some reduction because of mill and plant vacations, the results should be considerably better than the third quarter of 1956, when our pipe mills were shut down for six weeks during the steel strike."

"Our export sales in the first six months of 1957 were substantially ahead of those in the same period of 1956, and we anticipate that they will continue at record high levels throughout the year. Investments for foreign operations have been heavy, not only by the traditionally international oil companies, but also by those companies which until the last year or so operated in domestic fields exclusively."

500 Subjects Slated in SC Night School

Evening classes in more than 500 subjects are announced by the University of Southern California beginning with the new term on Sept. 23. Planned for business executives or the housewife as well as for the student seeking college credit, the majority of classes meet from 7 to 10 p.m. once each week for the 18-week term.

Fields of commerce such as forecasting business trends or protecting personal investments as well as advertising and salesmanship are listed. Women interested in family finances, parliamentary procedure on club activities, fine arts subjects or writing are given specialized classes. A new course in religion will take up the significance of the Dead Sea Scrolls. Also listed in detail in the new bulletin are courses in professional fields of education, engineering, and liberal arts subjects. The bulletin will be sent on request from University College.

15 DISEASE CASES TOLD

Fifteen cases of diseases were reported in the Torrance health area during the week ending Aug. 30, according to the County Health Department.

The city of Torrance reported one case each of encephalitis, gonorrhea, whooping cough, and syphilis. Within the area reports showed two cases each of measles, encephalitis, gonorrhea, and syphilis, and one case each of amebiasis, mumps, whooping cough, rheumatic fever, scarlet fever, and tuberculosis.

Farm Labor Workers Sought in Gardena

Farm laborers to finish late harvesting work are needed by the Gardena Farm Labor Office, 16407 S. New Hampshire Ave., according to Manager Eddie Walther.

Needed are harvesters for snap beans and cucumbers and transplanters for celery and cabbage. Also needed are women to transplant, strip geraniums, and disbud asters.
